

tinyobj::MaterialReader

```
classDiagram
    class MaterialStreamReader["tinyobj::MaterialStreamReader"]
    class MaterialReader["tinyobj::MaterialReader"]
    MaterialStreamReader --|> MaterialReader
```

The diagram illustrates a class hierarchy. At the bottom is a gray-shaded box labeled 'tinyobj::MaterialStreamReader'. A blue arrow points vertically upwards from this box to a white box at the top labeled 'tinyobj::MaterialReader'. This indicates that 'MaterialStreamReader' inherits from 'MaterialReader'.
